

## TCM Forklift Part

TCM Forklift Parts - In the global business of material handling, lift trucks play a major role for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity following WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread internationally.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the business is simply called TCM Corporation. Through the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started building lift truck manufacturing sites outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than fifty years of accumulated expertise and technology, TCM has been proudly making various models of industrial trucks, making their models recognizable all over the globe. With an energetic and strong staff, TCM has been able to constantly work towards becoming a future leading material handling company.
