

Rockwell Parts

Rockwell Part - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and components together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for service, technology, delivery and quality. They believe in working in an atmosphere which encourages the highest integrity with empowered collaboration, along with a relentless pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of ecological stewardship and safety in how they do business. The company has put different programs in place in order to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever questions or comments, since they are happy to promote and share this policy with a greater knowledge of their efforts. They are very dedicated to improving and preserving the natural world. AxleTech has an EHS program which not only protects the natural environment but which likewise actively protects their workers and neighbors also.

AxleTech specializes in the designing and manufacture of planetary axles meant for both military and commercial applications, which could consist of anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider also. AxleTech specially designs axles to meet particular application demands. They have over 1000 various axle specs within their existing offering. With over one hundred years of knowledge and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The company is well known in various commercial and military applications. They offer complete axle assemblies for aftermarket replacement needs, together with servicing axle requirements for OE production. Their high mobility ISAS have further details that can be seen in the "ISAS" product collection.
